CONCENTRATION: Personal Injury and Workers' Compensation

ONE OF THE THINGS WE ENJOY MOST IS... representing an injured person who was being taken advantage of by an insurance company. It is very rewarding to step in and stand up for our clients and show them just how different things can be when they have an expert fighting for them. It is a huge responsibility and a great honor and we love what we do for our clients.

OUR CLIENTS ARE... everyday men and women. They are hard workers from all walks of life - parents, grandparents, children, small business owners, managers, cashiers, waiters, stay at home moms, stock clerks, doctors, electricians, welders, installers, construction workers, drivers, administrators, retirees, and more - who have been injured or even killed. People come to us because they need expert help dealing with complicated medical treatments, medical bills, and confusing insurance policies. They need their property restored. They need someone fighting to recover their lost wages. They also need someone who won't be pressured by an insurance company that simply wants to spend as little as possible and close their case quickly. We help our clients safely return to work when possible, and to try and replace what they have lost.

WE STAY INVOLVED IN THE STATESBORO COMMUNITY

BY... working with Choices of the Heart Crisis Pregnancy Center, which has grown by leaps and bounds over the past few years. We have both served on its board of directors as well as the YoungLife Statesboro

Committee. Dustin serves on the board of Connection Church where our family attends. Because Beverly earned her Bachelor's degree from Georgia Southern, we both enjoy guest lecturing at GSU in multiple schools. Beverly also graduated from Southeast Bulloch High School, and we proudly support their marching band - The SWARM. We are both members of the Bulloch County Bar Association, of which Dustin is past president.

WE PRACTICE IN STATESBORO BECAUSE... of Beverly's past battle with breast cancer. Dustin was working for a personal injury firm in Savannah at that time and Beverly was a judicial staff attorney for the Superior Courts of the Ogeechee Judicial Circuit when she was diagnosed. Our Statesboro family, friends, and church family loved on us in so many countless ways that it confirmed for us this is where we wanted to be. They were truly the "hands and feet of Christ" for us at that time. We have been tremendously blessed since making that decision and we've experienced firsthand how God can use such a terrible disease to showcase His love and grace.

OTHER THOUGHTS... We have experience working with excellent law firms and courts in Maryland, Virginia, Savannah and in Statesboro, Georgia. We've seen lots of different attorneys from lots of different places and this has shown us one thing for sure - Statesboro may be smaller in size, but its quality of attorneys competes with the best. The people of Bulloch County and the surrounding areas are blessed to have the quality of attorneys that make up the Bulloch County Bar Association.
